

Creating a Stage Schedule

Quick Reference Guide

This guide will explain how to schedule a Training Event, Accreditation or Reaccreditation stage in LaDIS.

In LaDIS, formal training events that are part of a Departmental Fire Accreditation (DFA) or Readiness & Response Role (R&R) are Scheduled as a Stage.

Informal training events e.g. District Debrief are captured as a Course Schedule, this is covered in the “Manage Informal Training Events QRG”.

Creating the Stage Schedule

1. From the LaDIS home page, hover your mouse over the **Curriculum>Schedules** menu then Select **Stage Schedules** from the menu list.

The **Stage Schedules** page will load.

Click **Add New Stage Schedule**

2. The **Add a New Stage Schedule** page will load to the **1 CREATE Stage Schedule Tab** as shown below.

A screenshot of the 'Add New Stage Schedule' page in the LaDIS application. The page has a green header with the title 'Add New Stage Schedule' and a breadcrumb trail: 'Home > Curriculum > Schedules > Stage Schedules'. Below the header is a green navigation bar with five tabs: '1 CREATE Stage Schedule', '2 SET Schedule Defaults', '3 SELECT Course Schedules', '4 APPLY AVETMISS Settings', and '5 SAVE Confirm & Save'. The '1 CREATE Stage Schedule' tab is active. The main content area is divided into two sections. The top section, 'Stage Schedule Details', contains a 'Selected Stage:' dropdown, a 'Stage Schedule Name:' text field with a placeholder 'Enter a name for the new stage schedule here...', 'Min No of Students:' and 'Max No of Students:' spinners, and checkboxes for 'Do you want to auto generate Course Schedules?', 'Is Active:', and 'Public Visible:'. The bottom section, 'Stage Schedule Fee', contains two tables for 'Description', 'Amount', and 'GST'. The first table has rows for 'Price' and 'GST', both with '0.00' in the amount field. The second table has rows for 'Concession Price' and 'GST', both with '0.00' in the amount field. At the bottom of the page are 'Next >>' and 'Cancel' buttons.

- Select the stage you need to schedule by clicking into the **Selected Stage** drop down box under “Stage Schedule Details”. You can type or scroll to search for the correct stage e.g. 4WD Operator (Complex) Training Event. Click on the option you want to schedule to select it.

Add New Stage Schedule » Home » Curriculum » Schedules » Stage Schedules

1 CREATE Stage Schedule **2 SET Schedule Defaults** **3 SELECT Course Schedules** **4 APPLY AVETMISS Settings** **5 SAVE Confirm & Save**

Stage Schedule Details

Selected Stage:

4WD Operator (Basic) Training Event
4WD Operator (Basic) Units of Competency
4WD Operator (Complex) Accreditation
4WD Operator (Complex) National Units of Competency
4WD Operator (Complex) Reaccreditation
4WD Operator (Complex) Training Event
Aerial Driptorch Operator Accreditation

▼ Items 1-30 out of 659

Description	Amount	GST
Price:	0.00	☐
GST:	0.00	

Description	Amount	GST
Concession Price:	0.00	☐
GST:	0.00	

Note: When you select the Stage the page will refresh, you won't be able to change the selection in the drop-down. If you selected the wrong stage, you will have to restart the process. You can refresh the page to begin again.

- Add the Stage Schedule Name by clicking in the **Stage Schedule Name** field and type the schedule name. The required convention is [Capability Name] Training Event/Accreditation [Dates of Event]
e.g. Resources Officer Level 2 Training Event 11th November – 15th November,
- Click on the **Next** button at the bottom of the screen to move to step 2. The **2 SET Schedule Defaults** screen will load.

Add New Stage Schedule » Home » Curriculum » Schedules » Stage Schedules

1 CREATE Stage Schedule **2 SET Schedule Defaults** **3 SELECT Course Schedules** **4 APPLY AVETMISS Settings** **5 SAVE Confirm & Save**

Some course schedules may not be available for selection due to the permission setting.

Courses

To auto create course schedule you need to select at least one course in Courses table.

Code	Name	Select all
TE1318	4WD Operator (Complex) Training Event	☐

[+] Add Schedule

- Tick the box next to the course that appears at the top of the screen under “Courses”
- Click in the **Duration** field and drop-down menu then set the Training Event duration e.g. 5 days
- Enter the Training Event **Start Date** and **End Date** using the date picker
- The **Schedule Type** should be “Actual”
- Enter the Training Event Location using the **Location** drop-down menu.
 - If the location is not available in the drop-down menu, follow the guide for adding a new location.
- Check the training delivery mode in the **Delivery** box, it should be face to face.
- Enter the course Custodian in the **Custodians** section at the lower part of this screen, click on the Owner (Custodian) e.g. Gippsland. The page will reload to apply the selection, then click **Next**.
- No action is required in Tab 3 Select **Course Schedules**, click **Next**.
- No action is required in Tab 4 Apply **AVETMISS** Settings, click **Next**.

15. In the final tab **Confirm & Save** review the Stage Schedule name, ensure that the Is Active and Public Visible check boxes are checked. Once all data is confirmed, click Confirm and Save click on the Confirm and Save button.
